- Prescription drugs are the most commonly abused drugs among **12 - 13 year olds**. (NSDUH 2006)
- More than 60% of teens said that drugs were sold, used, or kept at their school. (dosomething.org)
- The average age when youth first try alcohol is 11 for boys and 13 for girls. (focusas.com)
- The more often kids eat dinner with their family, the less likely they are to smoke, drink or use drugs. (casafamilyday.org)
- The more developmental assets youth experience, the less likely they are to engage in risky behaviors, and the more likely they are to engage in positive behaviors. (search-institute.org)
